

We are very excited to be entering the 3rd year of the Huckleberry Mountain Invitational Dog Trial. We are heading into 2023 with even bigger ideas and plans for growth as we continue to move towards our future goal of being the highest paying dog trial in the nation. We have increased our added money and total pot for the contestants to compete for every year. Contestants have come from all over the nation to join us and our spectator attendance has grown. We can't hit our goal of being the highest paying trial in the nation and put Baker City on the map without the support and help of our sponsors. We view our sponsors as partners and want to also help them grow with their goals. There are a variety of packages and opportunities to fit your needs and if you don't see something that fits you please reach out so we can see what else we could do to help.
